- **DURATION: 24 months**
- **EC CONTRIBUTION: €900 600.00**
- **FINANCING RATE: 95.00%**
- **AIM: To provide support to the Civil Protection Directorate in further improving the civil protection system through securing financing of further investments.**

Funded by
European Union
Civil Protection and
Humanitarian Aid

How:

1. **To develop specific documentation for projects that would be submitted for funding from various Union funds** and to identify the most effective financing schemes for risk reduction and disaster resilience measures,
2. **To develop a draft of the Civil Protection System Development Strategy** and
3. Further **capacity building activities for personnel in the area of project preparation and implementation as well as management of infrastructural projects**

Funded by
European Union
Civil Protection and
Humanitarian Aid

Expected outputs

- **Developed at least 3 completed project proposals ready to be submitted for co-financing from various Union funds as well as a Guide** which will identify the most effective financing schemes for risk reduction and disaster resilience
- **A draft of the Civil Protection System Development Strategy**
- At least **50 persons trained** in the areas of project preparation and project implementation

Funded by
European Union
Civil Protection and
Humanitarian Aid

Key stakeholders

- Civil Protection Directorate
- Operational Forces (Mountain Rescue Service, firefighting units, Red Cross etc.)
- Croatian DRR Platform members

Impact

All of the projects outputs will be used as a means to accelerate the use of available ESI funds in the 2021-2027 programming period and other available Union funds and to increase the quality and efficiency of using these funds

Funded by
European Union
Civil Protection and
Humanitarian Aid

Thank you!
